MOSAC² Attendee Bonus!!! Attend the NAA Virtual Convention at no additional cost!!!

NOVEMBER 6 - 20, 2016

NAA16 VIRTUAL CONVENTION

NAA's Virtual Convention packages the top-rated workshops from the NAA Annual Convention and delivers them to Afterschool Professionals in a convenient, online format.

NAA's Virtual Convention is designed to be:

- •Convenient. Listen to sessions whenever and wherever—even on mobile devices!
- •Comprehensive. Get relevant, apply-today information and techniques for your program.
- Concise. Recorded workshops easily fit in your schedule! Don't worry—you'll still get the interactivity that you've come to expect from our great workshops—we've just had to be even more creative!
- Effortless. Log on, listen, think, reflect, and participate in the discussions and live events.

Interested in the Workshops you'll get to experience? Go here to read more:

http://naaweb.org/virtual-convention-workshops

The Missouri AfterSchool Network (MASN) is the state's NAA Affiliate and a sponsor of the 2016 Virtual Convention.

Here are the instructions for how to do the NAA Virtual Convention:

- Login to NAA member account
- Login member account at http://naaweb.org/member-login (use forgot login function if necessary)
- If you do not yet have an account, register as an NAA Ambassador member at http://naaweb.org/register-ambassador/registers then login with the username/password just created
- Once logged in use the virtual convention registration link found in the middle of the Membership Welcome Page. It looks like this.
- Complete registration form with necessary information including the registration code
 AmbassadorSPC. The code is worth \$49.99 and will cover the whole registration fee.
- Registration will be confirmed via email from NAA Admin sqldba@icohere.com. Junk mail
 or spam protection should be configured to permit delivery of messages from this address.

The virtual convention is open from 11/6-11/20.

Welcome to the 2016 Missouri School Age Community Coalition Professional Development Institute (MOSAC2 PDI) ... "The Power of YET!"

We are excited that you are joining us for the 24th Annual MOSAC2 conference. This year's PDI has all the traditional things you expect from a MOSAC2 conference – educational workshops, motivational keynotes, great networking, and fun social events!

"The Power of Yet!" theme is perfect for the first PDI since the leadership of MOSAC2 and MASN merged to form a new Afterschool Leadership Team. Some of you may be thinking...

I didn't even know there was a merger...YET!

I'm not sure what that means to afterschool... or to me... YET!

I haven't gotten involved in regional or statewide afterschool activities... YET!

Missouri has been a national leader in afterschool for more than a quarter century. By merging the leadership of MOSAC2 and MASN we have reorganized ourselves to make a big impact in the future!

Over the next few years, the new Afterschool Leadership Team will be promoting the importance of afterschool, building local and statewide champions, and advocating for funding to help children and families that cannot afford afterschool. Together with one strong voice for afterschool, we will help to highlight the important work you do and the positive impact that it has on youth and families.

You and your program can play an important part in this work. Any time you can, please share the exciting things you are doing at your program with parents, community members, and elected officials. Invite your mayor, representatives, and other elected officials to come visit your program and see first-hand the difference you are making.

You are also invited to get involved with the statewide systems building work lead by the Afterschool Leadership Team. Whether you are interested in professional development, policy and public awareness, STEM, quality, or funding & sustainability, we would love to have you join us at the quarterly Afterschool Committee Meetings! Together we can bring together and support professionals as we work on improving the availability and quality of afterschool for all children and families in the state.

As you think about how you will be applying the Power of YET! in your work, we invite you to connect with us and to help spread the word that Afterschool Works!

Terri Foulkes

Executive Director

Missouri AfterSchool Network

Thursday, November 10th

Authentic Leadership Jeff Koziatek 1:00pm – 5:00pm Pommard Room

Step 1 – Leadership Foundation You must first lead yourself before you can lead others. The "WHY" of leadership Discussion of value and the "makings of" a good leader

Step 2 - Leadership 101 With great power comes great responsibility. The "WHAT" and "HOW" of leadership

Step 3 - Challenges in Leadership is an adventure. 5 challenges to successful teamwork, 7 Defense mechanisms that create team challenges

Step 4 - Leadership Role Play Good leaders engage and get their hands dirty. Break into groups to role play scenarios and discuss leadership responses.

Step 5 - Leadership Communication Leaders communicate clearly. Discussion of different communication styles to improve team efficiency and productivity

Snack @ 3:00pm Dinner @ 5:00pm

Kim Ratz

After completing his Bachelors ('75) and Masters ('78) degrees in Community Services and Public Affairs at the University of Oregon, Kim spent 20 years as a Director of Community Education. He worked for schools in Oregon, Alaska, and Minnesota, started his first after school programs in Fairbanks in the 1980s, and has been recognized by many groups and organizations for his leadership in promoting lifelong learning, collaboration and community involvement in schools. Since 1994 Kim has been self-employed as a Speaker-Trainer-

Troubadour and continues to work with people who work with children at their conferences and workshops around the country (including MOSAC in 2009), because he understands and supports what we do. People enjoy his original music, storytelling and humor, the practical skills and strategies he shares, and most important: how he inspires and motivates people to have hope, keep doing your best, be well, and have some fun too! In 1990 he moved to Minnetonka, Minnesota for the shorter, warmer winters (after 15 years in Juneau and Fairbanks, Alaska), where he enjoys the more moderate 4 seasons, and also kayaking, biking, cross country skiing, swimming, camping, and playing with his grandkids.

For more info: www.kimratz.com, kimratz@aol.com.

Come visit with other after school staff members in a fun relaxed atmosphere!

Jeff Koziatek

Jeff Koziatek is a speaker, certified life coach and entertainer. He has been recognized nationally and received various awards for both performing and producing.

Jeff brings over 16 years of professional experience, creating shows that both entertain and educate audiences. He has literally performed in thousands of elementary schools and libraries across the country. His passion is building the hearts of students so that they have a solid foundation from which to learn and achieve lifelong success.

His experiences in film production and event planning have allowed him the opportunity to work with and manage a wide variety of people and personality types over the past two decades.

As a Life Coach, Jeff helps people see value in who they are as human beings, apart from what they do, mistakes they make or what's happened to them.

As a speaker, Jeff talks on authenticity through topics such as: teamwork, self-worth, fearless pursuit of passion and living a life of

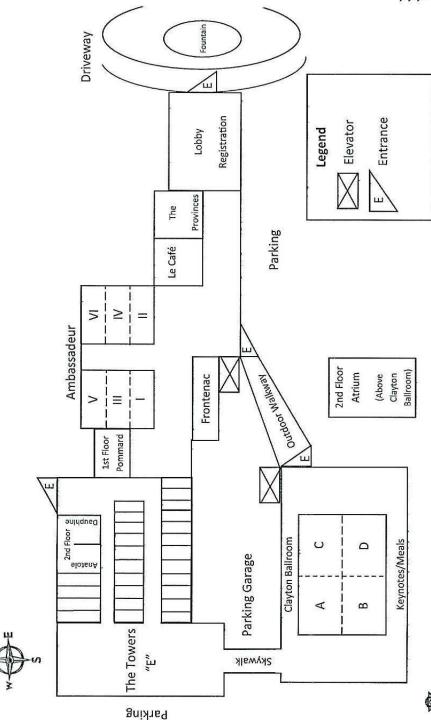

joy and purpose.

He has had the privilege of speaking in a wide range of venues ranging from conferences to prisons, churches to banquet halls.

For more information about Jeff, please visit:

noun

"Flair" is a general term used to describe round buttons of various sizes pinned to one's shirts and used to express one's self. Popularized by the 1999 film "Office Space," where restaurant "Chotchkie's: required employees to wear "at least" 15 pieces of flair.

Throughout the conference participants will be given several opportunities to earn Flair for their nametag lanyards! The goal is for you to get to know other people in the after school profession!

Flair will be available across from the registration table and also available from a "Flair Specialist," who will be walking around passing it out! Some activities require proof of participation so make sure you take a picture or get a signature!

Effort is one of those things that gives meaning to life. Effort means you care about something, that something is important to you and you are willing to work for it.

		9:15	am-10	:15 am
Coding For All Clayton A	Patricia Brown	As, A, WI	LE, UE, YA, A	Coding is language that all students need to have experience with. You will learn how to incorporate coding into your daily lessons. Teaching coding can be integrated into lessons to increase student engagement, empower learning and enhance 21st century skills. By integrating coding into your instruction students will learn key collaboration, creativity, and critical thinking skills.
Imagine Learning- Closing the Engagement Gap Clayton C	Connor Gray	AS, A	LE, UE	Imagine Learning is a passionate & dedicated group on the mission to change lives and open doors of opportunity through innovative language and literacy instruction to striving readers, English language learners and students with disabilities. Find out why investing in technology early demonstrates an incredible return on proficiency growth.
Group Dynamics <u>Dauphine</u>	Sarah Peck	AS, FC, A, WI	UE, I	We will be exploring the practical applications of group dynamics and your role in establishing an environment that encourages healthy interactions.
College & Career Readi- ness, A New Afterschool Model Pommard	Debbie Redford	AS, FC, A, WI, PF, HV	LE, UE, YA, A	Come and learn how to partner with area resources on Construction including; Architects, MODOT, Engineers, Carpenters, Contractors, Bricklayers, etc. and to explore the wide variety of career choices in construction.
What Does LOVE have to do with it?	Michael Shaw	AS, FC, A, PF	LE, UE, I	A comprehensive interactive motivational session designed to help participants interact with students in a positive enriching manner. Participants will understand that success in all areas of the student's life can be achieved through fostering positive relationships.
Crypto Club: Students Using Math to make and break Secret codes <u>Clayton D</u>	Clint Darr	AS	I	Cryptography is the science of secret messages. Crypto Club is a fun and engaging introduction to cryptography for middle-school students, who will use problem solving skills and math to encrypt & decrypt messages. This session will provide an overview of Crypto Club and how it can be used in after school programs. TFF ZPV UIFSF!
We All Have a Story <u>Anatole</u>	Brad Lademann	AS, A, WI	LE, UE, I, YA, A	What if your students and staff are more than what you can see? This session will challenge you to look beyond the surface to understand we all have a story.

	Saturday, November 12, 2016				
Session Title & Location	Presenter	Target Audience	Target Ages	Description	
		3:30	pm-5:	oo pm	
Building Hearts THEN Building Minds Clayton A	Jeff Koziatek	AS, FC, A, WI, PF, HV	LE, UE, YA, A	Do you like to discipline? Do you get frustrated when students struggle? Would you rather spend your time juggling kids or teaching them? Lack of self-worth can lead to acting out, giving up, pleas for attention and other "challenging" behavior. Before we can build the mind of a child we must help build a foundation of self-worth. Spend less time as a disciplinarian and more time teaching by crafting an operating system in the child that says they are enough! Show children that they are worth your time and that they have value even when they make mistakes. Build hearts to build minds to teach more to discipline less.	
Trauma, Self-Regulation, and School Problems: Teaching Dysregulated & Traumatized Students Clayton C	Dr. Jerry Cox & Rhonda Kane	AS, FC, A, WI, PF, HV	LE, UE, I, YA	PART TWO-PLAN TO ATTEND BOTH PARTS! This workshop will help participants understand the widespread prevalence of adverse childhood events, their impact on the developing brain and the resulting impact on educational performance and classroom behaviors.	
Empowering Mandated Reporters Dauphine	Cherise Thibaut	AS, FC, A, WI, PF, HV	LE, UE, I, YA	Missouri's mandated reporter requirements changed in 2013. This session provides mandated reporters updates on their legal responsibilities, how to respond to suspicions of abuse and how to effectively report.	
Filmmaking 101 Pommard	Bradd Anderson	AS, A	UE, A	Learn the basics of filmmaking, using your smartphone and other existing equipment. Discover the steps involved, and how to get more professional results with things you already have on hand!	
T.E.A.M. Toolbox	Tyler Kearns	AS, FC, A	LE, UE	This session will give you tools, concepts and games to help build, strengthen and promote team togetherness throughout your program. From kids to adults we are all in this together!	
Autism: What it is, What it Isn't & How to Help Clayton D	Lisa Eberle- Mayse	AS, FC, A, HV	LE, UE	Participants will learn about the primary characteristics of Autism Spectrum Disorder and will discover simple ways to modify environments, routines and interactions to successfully include children with the disorder.	
Say What You Mean, Mean What You Say! <u>Anatole</u>	Dave Hileman	AS, FC, A, WI, PF, HV	I, YA, A	Explore barriers filters, twisters and other hazards of everyday communication that can cause confusion and conflict with peers, employers, employees and clients and prevent the intended message from being received.

This workshop will help participants understand the widespread prevalence of adverse childhood events, their impact on the developing brain and the resulting impact on educational performance and classroom behaviors.
Empowering Mandated Reporters <u>Dauphine</u>	Cherise Thibaut	AS, FC, A, WI, PF, HV	LE, UE, I, YA	Missouri's mandated reporter requirements changed in 2013. This session provides mandated reporters updates on their legal responsibilities, how to respond to suspicions of abuse and how to effectively report.
The Power of Sharing Your Afterschool Story Pommard	Casey Hanson & Tyler Kearns	AS, FC, A, WI, PF, HV	A	Every program has a story, & sharing it is key for funding, recruitment & partnership development. This workshop will help participants develop their message & provide tools for sharing your afterschool story with the world.
Books, Bubbles & Beakers Clayton B	Terri Johnson & Sherry Cook	AS, A, WI	LE, UE	There is nothing more boring than "textbook" science! So what's the solution? Come and meet some fun science characters called the Quirkles AND Herman Tweed and the Fuddlebrook crew. They offer fun storytelling, illustration, and hands-on science. You are guaranteed to have a good time and leave with some great science activities to engage future scientist.
Get Your Kicks on Route 66 <u>Clayton D</u>	Patti Ray & Cassie Hackett	AS, A	LE, UE	In this hands on session, experience a vintage trip down Route 66. Participants will walk away with a week-long curriculum (includes STEM) ready to implement in your program.
What Does LOVE have to do with it?	Dr. A. Michael Shaw	AS, FC, A, PF	LE, UE, I	A comprehensive interactive motivational session designed to help participants interact with students in a positive enriching manner. Participants will understand that success in al areas of the student's life can be achieved through fostering positive relationships.

	Saturday, November 12, 2016				
Session Title & Location	Presenter	Target Audience	Target Ages	Description	
		9:15	am-10	:45 am	
People Don't Leave Jobs, They Leave Bosses <u>Clayton A</u>	Kim Ratz	AS, FC, A, WI, PF, HV	LE, UE, YA, A	The most important asset of any organization is your employees and volunteers. Employ people who want to thrive, & great outcomes are likely; employ people who lack skills or motivation, & outcomes are predictably less. This workshop gives bosses an opportunity to look at successful best practices that help you retain your best & brightest & not run them out the door!	
Filmmaking 101 Clayton C	Bradd Anderson	AS, A	UE, A	Learn the basics of filmmaking, using your smartphone and other existing equipment. Discover the steps involved, and how to get more professional results with things you already have on hand!	
The Power of Motivation to Move Your Staff to Serve Your People Dauphine	Colleen Abbott	AS, A, WI	LE, UE, I, YA, A	How do you keep your staff motivated for those long hours or challenging students or parents? This workshop looks at being a leader who cares for staff in order for the staff to meet the needs of your clients. Principles include loving, moving, serving and smiling.	
Building Potential, Closing the Gap Pommard	Nickolas Fleeman, Liz Nusken, & Kelly Wise	AS, A, O (schools, funders, comm. part)	LE, UE, I	Extensive research informed the development of summer and afterschool program models close the achievement gap. Session includes program design, effectiveness, and data use to strengthen skills needed for success.	
Building Community Clayton B	Carl Wade & Andrew Smith	AS, A	LE, UE	This Youth Works Methods workshop, delivered by two certified Weikart trainers, lets participants learn new games to lead with children which will build community within your afterschool program.	
Makerspace: What are you waiting for? Clayton D	Sandra Pratt	AS, FC, A, PF	LE, UE, I, YA	Participants will explore the steps in beginning a successful makerspace program from scratch. Participants will be inspired to begin the makerspace movement in their buildings/home, wherever they create a "space" to!	
Engaging Older Children <u>Anatole</u>	Pat Wilcox	AS, A	UE, I	This session will provide before and after school staff with new ideas, lesson plans and strategies that will generate and enhance older child engagement within their own programs.
