Bring an internet enabled device to follow along and walk away with practical, classroom ready resources.

**#NoPlaceLikeAfterschool**

## Welcome to MOSAC2!

The year was 2002. The United States hosted the Winter Olympics. Former President Jimmy Carter was awarded the Nobel Peace Prize. President George W. Bush signed the No Child Left Behind Act into law. A 2-liter bottle of Coca-Cola cost 99 cents. In pop culture, American Idol debuted, Eminem released the single “Lose Yourself”, and Halle Berry became the first black woman to win an Oscar for Best Actress.

In other big news from 2002, the Missouri AfterSchool Network (MASN) was created.

Missouri was one of eight states to receive the first round of funding from the Charles Stewart Mott Foundation for a statewide afterschool network. That first grant, given for a period of three years, helped lay the foundation for what MASN would become.

Twenty years have now passed and MASN has continued to expand and evolve. Starting in 2002 with only two consultants doing the work, MASN hired its first full time staff person in 2006 and has now grown to 18 staff and consultants working on afterschool partnerships, policy, and quality across the state. Happy 20<sup>th</sup> birthday, MASN!!

Our conference theme this year, *There's No Place Like Afterschool*, came out of the MASN 20-year anniversary. An emerald can be given as a 20-year anniversary gift, which led us to the Emerald City, which led us to *There's No Place Like Afterschool*.

Afterschool is such a unique environment. Where else can a child get a snack, get help with homework, have a guitar lesson, learn how to build a model of a windmill, and hang out with friends all in one day?!?! In afterschool settings, we have the opportunity to enhance what children are already learning in school or at home while also offering enrichments that are not typically found at school or at home. There really is no place like afterschool!!

We are so glad you have joined us at the 2022 Missouri School Age Community Coalition (MOSAC2) Professional Development Institute (PDI)!! Our hope is that this conference will be an oasis of connection, learning, and refreshing for you. We have built in opportunities for fun and laughter, as well as opportunities for some amazing professional development to help us in our work with students, families, and schools. Over the course of these three days, we would love for you to take advantage of the time away from your normal routine to commit to your own growth, both professionally and personally.

Welcome to MOSAC2!!

## MASN YouTube

Tired of watching cat videos and learning how to unclog your toilet? Take some time to go the MASN YouTube page where you can find inspiration to enhance your afterschool program.

There are videos on professional development by nationally known and local experts on topics of social emotional learning, staff development, STEM, career exploration and many more.

Get inspired by viewing honorees in the Celebration of Afterschool, hear Missouri leaders praising afterschool, and see young people giving their entrepreneurship pitches for their business ideas.

Finally, if you've missed information for the grantee meeting or committee meetings, you can catch up and get involved.

Be sure to subscribe to the MASN YouTube page to get notifications of new videos being listed.

## ASK ME ABOUT...

On your name tag, you will notice that there is a line that is not associated with your name or with your program name. In fact, it is an incomplete sentence! The purpose for that line is to be a conversation starter. You can fill that line in with anything you feel like you would be comfortable talking with other conference participants about. It can be a professional topic (for instance: family engagement, behavior management, program planning) or

a personal topic (for instance: gardening, sports, video games). Fill in your line so people can ask you and make sure you ask others about their topic!!

## Session Schedule and Locations – Saturday, Nov. 19

### YOUTH MARKETPLACE

Youth will be joining us on Saturday, November 19, 2022, from 2:30-3:15 p.m. to sell their products as part of the MASN Youth Marketplace. These youth have participated in the Venture Lab and/or Youth Entrepreneurship Institute curriculum and their afterschool program staff are members of the Entrepreneurship Peer Learning Community (PLC).

Be sure to stop and talk with the youth and their adult leaders, and to help support their efforts by buying their products. The Youth Marketplace will be open during the extended snack break on Saturday afternoon.

Using Scratch to Create Digital Stories

Joey Bryan & Patti Jones; MOREnet

Scratch is a great tool for educators to engage students in coding. Using visual puzzle pieces for block coding, learners can create interactive projects that can replace or enhance traditional presentations. Using Scratch will allow for interaction with the viewer through selecting elements seen on screen. Users can add a voice to the projects by adding their own audio recordings to connect with their presentation. Scratch projects can also be designed to function as interactive games.

**QUALITY**

The Quality Committee develops resources to improve the quality of afterschool in Missouri. We provide guidance and feedback on specific systems required for the grantees and ensure that the work developed for the grantees applies to all programs. Combined with the Professional Development Committee this year!

**PUBLIC POLICY & AWARENESS**

This committee supports grassroots and local advocacy efforts including the Afterschool Ambassadors program and round table events. The Public Policy and Awareness committee also promotes the importance of afterschool through a variety of social and print media. We compile resources, coordinate training, and are working on a way for afterschool programs to do collective online fundraising.

**STEM**

This committee coordinates STEM professional development, resources, partnerships, and awareness. The STEM committee ensures that there is an afterschool presence at STEM Day at the Capitol each year.

**PROFESSIONAL DEVELOPMENT**

This committee ensures that quality professional development is available throughout the state. The committee will work with MASN staff on the Virtual Professional Development system for the Mott Foundation grant. Combined with the Quality Committee this year!

Attend the quarterly MASN Committees!

For more information ask any MASN team member or visit [moafterschool.org](http://moafterschool.org)!

## Session Schedule and Locations – Saturday, Nov. 19

### SATURDAY BREAKOUT SESSIONS: 1:15 – 2:30 PM

#### **HK Club Room**

#### **Toto, I have a Feeling We're Not at the Conference Anymore!**

*Amy King*

Do you sometimes get a little burnt out at work and sometimes wish you could transfer your energy and enthusiasm to your coworkers? We will work on skills and tips that can keep the conference energy going when you're back in the "real world" and talk about simple ways to be a teambuilder and keep your program fun!

#### **Kidtopia**

#### **Guiding Students Towards Purpose: A Deep Dive In Advocacy**

*Shakyra Washington*

Explore how to use your purpose to foster student achievement in the classroom and beyond. Those who take part in this transformative workshop will identify how their perception of justice molds their leadership style. With this knowledge, learners will work in groups to create activities and lessons for the classroom to promote critical thinking in their students. Participants will also identify ways they can help advocate for quality after school programming for all students in Missouri.

#### **Lookout**

#### **Program Director's Roundtable Discussion**

*Terri Foulkes*

Similar to the Director Roundtable Deep Dive session last year, program directors are invited to this non-clock hour session to network (and commiserate) with their peers from other programs. If more time is needed, the room will continue to be available during the final spark session time. Table conversations may include staffing, burnout, waitlists, closed sites, etc. We will chart our discussion notes, take a gallery walk to review and extend ideas, and have plenty of time for sharing. (Note: This session is not for licensing clock-hours.)

**Mystery Session!** Clue: The best-kept secrets in Afterschool.

**#MOSAC22**

## Session Schedule and Locations – Saturday, Nov. 19

### **SATURDAY DEEP DIVE SESSIONS: 8:45 – 10:45 AM (CONTINUED)**

#### **Theater**

##### ***Listen, The Movie***

*Listen, The Movie* is a Hollywood-style film that tells the story of what happens when we don't pay attention. It is about all of us and the impact we have on a regular basis by listening, or not listening, to one another. (Note: This film deals with heavy content around the topics of bullying, body image issues, suicide, and racism, as well as others. Please be aware when choosing to attend this session.)

#### **Valencia**

##### **Introducing Computer Science to an Elementary Learner**

*Joey Bryan & Patti Jones; MOREnet*

Considering bringing computer science concepts into your learning space? Come explore resources aimed at the early learner. Introduce programming with a pre-reader activity, whether that be as an unplugged option or something electronic geared to the youngest learners. From the wooden Cubetto to Sphero's elementary option Indi, this will be a hands-on guided tour through CS options tailored to pre-K throughout the elementary years.

### **SATURDAY KEYNOTE: 11:00 AM – 12:15 PM**

#### **Granada Ballroom**

##### **Embracing the Power of Your Leadership Footprint**

*Tara Brown*

It has been said that 'we never touch another so lightly that we do not leave a trace'. In this humorous inspirational keynote, Tara emphasizes that we are all leaders in some capacity, regardless of title or position, and that kids are constantly seeking leaders who they can follow. Through powerful stories of her time spent both teaching and coaching diverse populations, Tara emphasizes the importance of embracing intentional actions that will inspire and motivate. Characteristics of great leaders will be discussed and attendees will take away tremendous encouragement with which to embrace the power of their leadership footprint on a daily basis.

## 2022 MOSAC Keynote Speaker – Tara Brown

Known as 'The Connection Coach', Tara Brown is president of Learner's Edge Consulting and an Award-winning educator, author and international speaker.

She holds a M.Ed. in Administration and Supervision. Tara's 35-year professional journey as a teacher/ coach has taken her from rural Florida to gang territory in California and to one of the largest high schools in Tennessee.

Her international engagements have included Dubai and Beirut working with both teachers and youth. During the 1990's, Tara worked with 'Communities in Schools', and established a successful program at Lindbergh Middle School in Long Beach, Ca. She worked closely with at-risk teens, many who were entrenched in the gang lifestyle. In 2005, in Nashville Tn., Tara played a key role in piloting a Leadership Development program at Antioch High School targeting Non-traditional leaders. Because of the success of this program, earned Tara the 'Pioneer Award' and 'Teacher of the Year' award in 2006.

Since leaving the classroom, Tara's passion and humor continues to drive her work with adults around the globe. Through her keynotes and trainings, Tara's goal is to motivate and better equip adults with a deeper understanding of the power of human connections to increase motivation, engagement and unleash potential.

The Missouri Research and Education Network (MOREnet) is both a data network as well as a human network. They provide Internet connectivity, access to Internet2, technical services, resources and support, as well as technical training to Missouri's public sector entities, including K-12 schools, colleges and universities, public libraries, health care, government and other affiliated organizations.

MOREnet will present three sessions on Saturday, November 19<sup>th</sup>. They will start with a deep dive session (2-hours) on *Introducing Computer Science to an Elementary Learner*, focused on teaching computer science concepts to your younger students. The first breakout timeslot will have them teaching about *Using Scratch to Create Digital Stories* and the second breakout will be on *Spheros for Science*. All sessions will be interactive and hands on as they guide you through resources and tools for teaching STEM in your program. You won't want to miss MOREnet at MOSAC2!!

## MASN TRIVIA

**MASN is the acronym for the Missouri AfterSchool Network. Did you know that, originally, MASN stood for the Missouri Afterschool Statewide Network?**

**MASN provides training and technical assistance to over 150 DESE afterschool grantee sites across the state of Missouri. Those sites serve over 14,000 children and youth.**

**MASN is a University of Missouri Extension Program and is housed on the Mizzou campus. Over the years, MASN has been in four different office buildings on campus and the most recent move was in June of 2022.**

**MASN has identified over 800 distinct afterschool sites in Missouri as of the summer of 2021.**

## SATURDAY DEEP DIVE SESSIONS: 8:45 - 10:45 AM

### **Lookout**

### **Fluid Dynamics and Pouring Paint**

*Joy Taylor & Chevelle Stewart*

In fluid dynamics, we study the movement of air and water through experiments.....Because of the complex behaviors of air and water, fluid dynamics is one of the most visually beautiful sciences to study. Gravity makes some of the most interesting art... We all know that mixing yellow and blue makes green, but what happens if the colors don't actually mix? What if they just hang out together, side by side?

### **Marbella A**

### **SEL: A Key to Employee Retention**

*Shawntelle Fisher, Jaylen Stewart, & Arissa Ford-Jones*

We will present on the importance of Social, Emotional well-being in the workplace and present some tips on using this approach to increase employee retention.

### **Marbella B**

### **"MakerPlay": Play Outside of the Box**

*Tyler Kearns*

Let that inner child out and join me as we use "what we got" to create play for your program. With some basic materials, imagination, and creativity participants will gain ideas that can be used right away in programming. Then the group will be challenged to apply the principles of design thinking to create their own games and share. Participants will come away with a handful of ways to play while making connections to STEAM, SEL, and 21st century learning through "maker play".

### **Sea Chase**

### **Stewards of Children**

*Kelly Schultz*

Darkness to Light's Stewards of Children teaches adults how to prevent, recognize, and react responsibly to child sexual abuse. Stewards of Children is the only national evidence-based program proven to increase knowledge, improve attitudes, and change child protective behaviors. Participants will leave the training with concrete action steps to implement in their programs to improve their prevention policies and better protect all the children we serve.

**#IHeartAfterschool**

## Session Schedule and Locations – Friday, Nov. 18

### **FRIDAY SPARK SESSIONS: 4:45 – 5:15 PM**

#### **Kidtopia**

#### **YDC Scholarship Project Information Session**

*Ashlee Liska*

The Youth Development Credential (YDC) is a renewable, entry-level credential that allows adults working in the afterschool field the opportunity to gain professional recognition by demonstrating their competence and knowledge. Join us to learn about the YDC Scholarship Project, the pathway to completion, and how earning a YDC can enhance your work with students and improve your afterschool program. (session repeats: Saturday, 4:45 pm & Sunday, 10:30 am)

#### **Lookout**

#### **Coding With Bravery, Resilience, Community, and Equity**

*Emily Ong*

At Girls Who Code, we believe that all girls are capable of making a positive impact on the world through computer science. In our session, participants will learn how to inspire and equip students in their communities with the computing skills, bravery, and resilience they need to succeed in the 21st century holistically and equitably.

#### **Marbella A**

#### **Building an Entrepreneurial Mindset Through Design-Thinking**

*Veronica Alvidrez & Malika Fard-Allah*

This Spark session will allow participants to experience design-thinking as a way to solve problems. Attendees will understand the alignment between design-thinking and developing entrepreneurial mindset while walking away with an implementable tool they can embed in their own programs or services.

#### **Marbella B**

#### **Building Family, School, and Community Relationships**

*Lorenzo Harrison*

Attendees will have the opportunity to learn tips and tricks that can help them be successful in building relationships with their families, school, and their community partners. Attendees will receive examples and ideas to use in their programs all across the state of Missouri.

#### **Valencia**

#### **From Passion to Action**

*Cassie Hackett*

During this session, participants will learn how to become involved with the Ambassador Program. Participants will learn how the work they do daily impacts policy makers and our elected officials.

## **SHOW ME AFTERSCHOOL DAY AT THE CAPITOL**

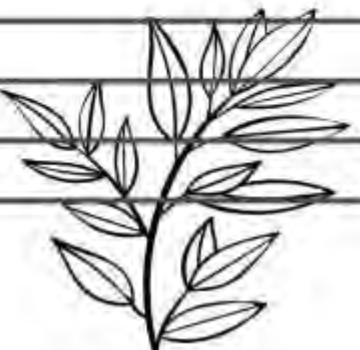

Join MASN for Show Me Afterschool Day at the Capitol Feb. 22, 2023!

We need you to help educate legislators about the importance of afterschool. We will need to advocate for legislators to appropriate American Rescue Plan funds and we anticipate at least one bill filed that will directly impact many afterschool programs. This year we plan to be at the capitol in person, though we will do virtual meetings with legislators who prefer remote meetings.

Email Natalie Hampton at: [hamptonn@missouri.edu](mailto:hamptonn@missouri.edu)

### **STEM Symposium**

Are you looking for some ways to move your STEM/STEAM programming to the next level? Then join the STEM Symposium on March 2, 2022 in a virtual platform. The virtual symposium will feature practical ways to insure equity, family engagement, and teaching the engineering mindset. Let us know if you have a session you'd like to share with others. The STEM Symposium is held during STEM Education Week and will be complementary to other activities during that week such as STEM Day at the Capitol on March 4.

A large, lined area for taking session notes, featuring horizontal ruling lines and a vertical red margin line on the left side.

**FRIDAY BREAKOUT SESSIONS: 3:15 – 4:30 PM (CONTINUED)**

**Marbella B**

**Balance Out Your Fitness Programs With Biking**

*Willa Williams*

Bicycling can increase youth’s mental and physical fitness throughout their lifetime, as well as provide a form of transportation. A focus on balance using balance bikes has been a quicker, safer, and more enjoyable way to learn biking. Attendees will learn how to set up bike skills programs including helmet giveaways, repair clinics, rodeos, obstacles & popsicles, and group rides. Attendees can win one of two sets of mock bike/road kits. Creative ways to teach cycling on a budget will be shared.

Session for new directors of 21st CCLC/SAC Afterschool programs. Review of previous year and outlook for current year.

**Sea Chase**

**Mizzen’s Triple Threat Design Camp: An Interactive Activity Design Experience**

*Carlos Santini; Mizzen*

Have you ever had a great idea for a class that fell flat in front of youth? Had no plan or materials but created the most amazing activity seemingly out of thin air? Does your staff have the autonomy to implement their solution-oriented ideas? Great programs follow simple principles that lead to student and staff engagement. Bring one idea for a course, event, or activity and spend some time with us workshopping it into a real Triple Threat (Highly-Engaging, Student-Led, & Brain-Friendly)!

Through this interactive workshop, participants will work collaboratively with the Mizzen by Mott Team and fellow peers in the room to bring an idea to life through best practices of student and staff engagement. Attendees will not only take their idea they bring and walk away with a plan but will also have the skills and knowledge of continuing to enhance or create their programs back in their communities.

**Valencia**

**How to Incorporate Social Emotional Learning into the Afterschool Setting**

*Janelle Stanek*

Throughout this workshop, we will provide hands-on activities to implement Social Emotional Learning (SEL) through picture books and read-alouds in the afterschool setting. These lessons will help children acquire and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

## Session Schedule and Locations – Friday, Nov. 18

### *Mystery Sessions*

You will notice on the session schedule that there are four sessions labeled as Mystery Sessions, with no description. This is intentional! The planning committee thought it would be fun to have a few sessions with topic and content to be a surprise! A Mystery Session Clue will be given in place of the session description. You will also be given the name of the 4 presenters who will each be presenting one of the mystery sessions, but not which mystery session they will deliver! Rest assured that these sessions will benefit you professionally, personally, or in many cases, both! Each mystery session will be led by one of the following afterschool professionals: Richard Irwin, Tyler Kearns, Erica Kreisler-Schadegg, or Brad Lademann. Take a chance and check out one (or more) of the Mystery Sessions!

### OPENING KEYNOTE – FRIDAY: 12:30 – 1:30 PM

#### **Granada Ballroom**

#### **The Wizard of Ahhhhs: Fostering Wisdom and Heart into Every Day**

*Shannon McKain*

For two years, we've been doing everything we can to survive amidst constant change from how we are used to teaching, impacting and engaging. How can we reimagine what our role in education looks like and still create positive impact? This keynote will explore the challenges and changes that come with adaptability, wisdom and leading with heart.

#### **HK Club Room**

#### **Youth Experiencing Homelessness**

*Melissa Scheer*

Youth who are homeless exist in every state of our country and are very likely in your community too. Learn more about the role afterschool programs have in supporting youth who may be homeless. Hear about experiences of a team of youth development professionals working with at risk and homeless youth in very diverse areas. Learn about partnerships between schools, community partners, and individuals in your community. Join the session and try experiential activities about the barriers as well as the resources.
